Onyedikachi Benjamin Ogbonna

Data Scientist

PROFILE

Energetic and passionate, with strong drive for innovations, and 4+ years' experience in software development. I am eager to obtain a challenging position at a prestigious company that will expand my learning and build my skills. I can work effectively with minimal supervision and I am also an excellent team player. I love Artificial Intelligence, and desire to learn more about different aspects of computer science to further my efficiency in my field.

EDUCATION

2018 – Date	**B.Sc.** in Computer Science, University of Abuja, Nigeria **CGPA - 3.10**
2020	**Machine Learning** Stanford University (Coursera)

EXPERIENCE

2022 — Solution Challenge: **Backend Dev/Team Lead**
- Created and spearheaded the development of folome app for 2022 solution challenge.
- Led and managed a team of 3 developers to create and develop an efficient, effective and visually aesthetic application.

2022 — Face Expression App: **Developer**
- Designed and built a face expression detection app powered my deep learning model with 65% accuracy and low latency.

2022 — Drowsiness Detection system: **Developer**

2021 – Date — Google Developer Student Clubs: **Lead**

2021 — Aspilos Foundation: **Project Officer**
- Coached over 30 developers on Web development and Data science/Machine Learning.
- Oversaw the start and completion of projects and addressed complex issues.

2020 — AWS Machine Learning Scholarship

SKILLS

Programming: Python, JavaScript, SQL, Git
Relevant Courses: Probability & Statistics, Algebra, Calculus
Machine Learning/Deep Learning: Regression, Classification, Computer Vision,
Libraries/Framework: Tensorflow/Keras, Scikit-learn, Numpy, Pandas, Django

COMPETENCE

Excellent Team Player
Good Communication Skills
Excellent Time Management
Strong Drive for Innovation and Goal Oriented
Leadership
